

EXECUTIVE BRIEF: REAL-TIME AI VIDEO ANALYTICS FOR PUBLIC INFRASTRUCTURE

GOVERNMENT & PSU BRIEF

Turnkey Edge Intelligence Transforming Existing CCTV Cameras into Automated Public Safety Sentinels

SYSTEM ARCHITECTURE: NON-INTRUSIVE EDGE AI PIPELINE

✓ 100% On-Premise • Zero Video Cloud Egress • Internet Independent

TURNKEY AI VISION MODULES & REAL-TIME DEMONSTRATIONS

Real Production Model Overlays

1. Law Enforcement & Public ... ICCC
POLICE

- Fight & Violence Detection:** Pose-temporal neural alerts on brawls.
- Virtual Perimeter Tripwires:** Restricted perimeter breach alarms.
- Watchlist Facial Recognition:** ArcFace 512-D vector verification.

2. Smart Gate & Urban Mobility (...) TRAFFIC /
NHA

- Sub-Second Indian ANPR:** High-precision OCR for all plates.
- Automated Boom Barrier:** Instant contactless gate triggering.
- Live Traffic & Occupancy:** Automated IN/OUT audit CSV logs.

3. Critical Infra & Public Works PWD / PSUS

- PPE Compliance Tracking:** Automated helmets & vest audits.
- Flame & Smoke Early Warning:** Seconds before thermal alarms.
- Worker Slips & Falls:** Instant exclusion zone breach alerts.

4. Devotee & Crowd Safety (AI...) STAMPEDE
GUARD

- Devotee Headcount Analytics:** Live crowd density heatmaps.
- Stampede Preemption:** Detects panic surges & corridor blockages.
- Queue Wait-Time Telemetry:** Balances pilgrim batches in real time.

DEPARTMENTAL ALIGNMENT & GOVERNANCE IMPACT

Cross-Departmental Utility

TARGET DEPARTMENT / AUTHORITY	DEPLOYED AI VISION CAPABILITIES	OPERATIONAL GOVERNANCE IMPACT
Smart City Missions & Police (ICCC) City Command Centers, Transit Nodes	Physical conflict/riot alerts, perimeter tripwires, crowd aggression detection, watchlist match.	Emergency response reduced from 20 mins to under 60 secs; proactive dispatch.
Temple Trusts & Pilgrimage Boards Yatras, Major Shrines, Cultural Festivals	AI Netra: Headcount tracking, corridor chokepoints, stampede preemption, darshan queue time.	Zero stampede casualties; auditable devotee footfalls; optimized crowd dispersal.
Transport, NHA & Municipalities Toll Plazas, Municipal Parking, Depots	Smart Gate Management, high-speed ANPR, vehicle classification, automated barrier relays.	Eliminates vehicular bottlenecks; automated audit trail preventing toll leakages.
Public Works, Ports & PSUs PWD, Mines, Power Plants, Warehouses	OSHA PPE enforcement (helmets, vests), smoke/fire detection, worker slip/fall alerts, dock logs.	Workplace fatality prevention; 100% compliance with labor safety mandates.

100% Data Sovereignty
Edge-first execution on local GPU hardware. Zero video data egress outside government premises; functions uninterrupted through internet outages.

Zero Capex / 100% Retrofit
Directly overlays onto existing RTSP/ONVIF CCTV cameras without replacing cables, cameras, or NVRs; maximizes existing civic investments.

Indigenous & High-Impact ROI
Engineered specifically for Indian conditions, vehicles, and crowds. Zero reliance on foreign cloud servers, imported black-box hardware, or licenses.

99%
MODEL ACCURACY

< 50ms
EDGE LATENCY

100%
RTSP COMPATIBILITY

48 Hours
PILOT POC TURNAROUND

★ 48-HOUR ZERO-RISK PILOT:

- Connect:** Non-intrusive feed tap to 5-10 existing RTSP cameras
- Calibrate:** Configure custom alert zones, ANPR gates & tripwires
- Evaluate:** Live command dashboard demo on site within 48 hours
